**DATA CENTRE  
SERVICES**  
POWERED BY CHILL IT

# SERVICES TAILORED TO SUPPORT YOUR BUSINESS

**As your chosen collocation facility we feel it is imperative that we empower our customers by providing the opportunity to leverage partnerships brokered by the DXN Limited team.**

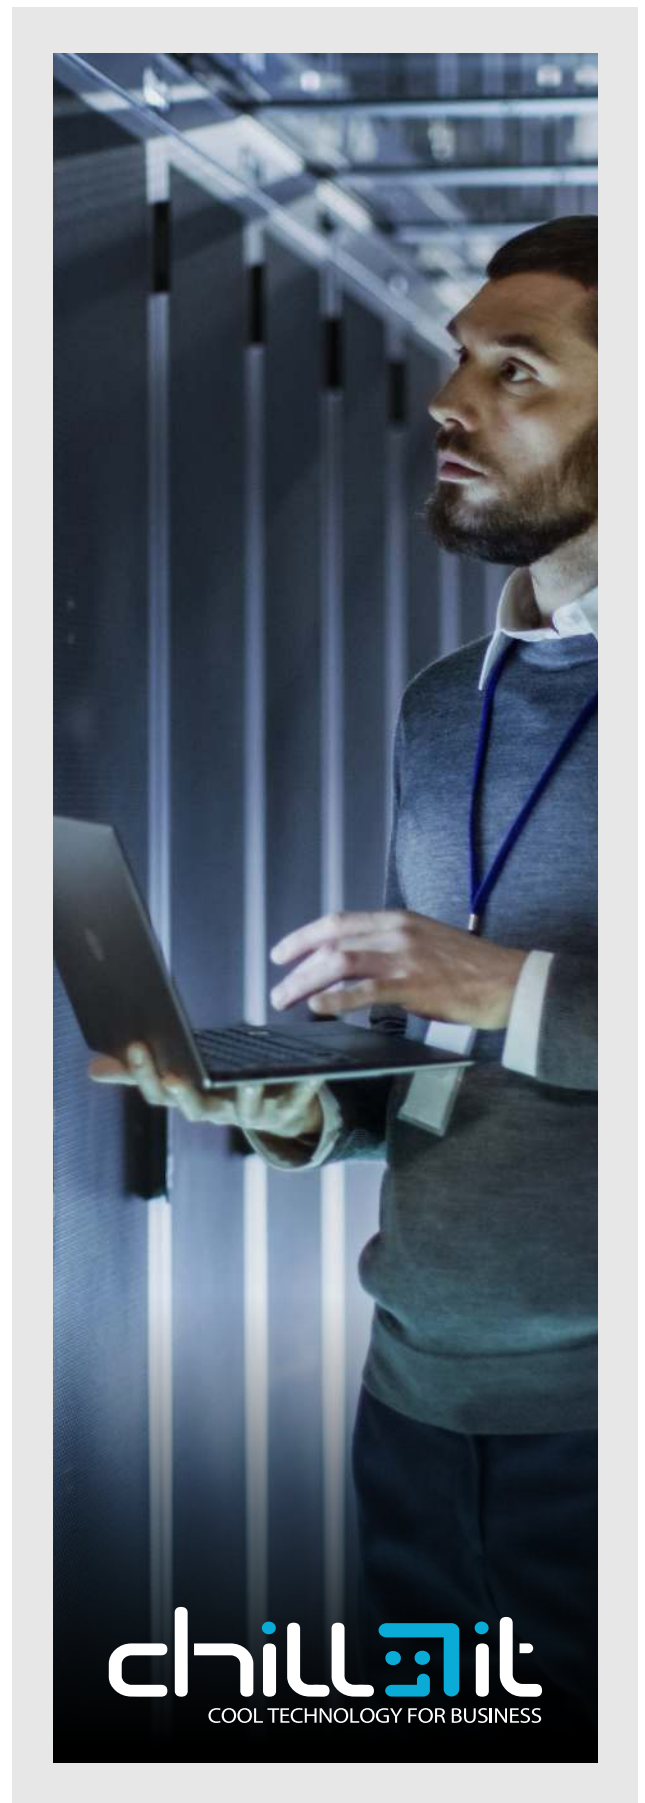

Our partnership with technology solutions experts, Chill IT, is an example of this.

Their expertise in specialised data center services we now extend to you.

Chill IT provides you with the full suite of IT business solutions to keep you operating at your best and without stress. Our business mission is to provide information technology services that support your business mission.

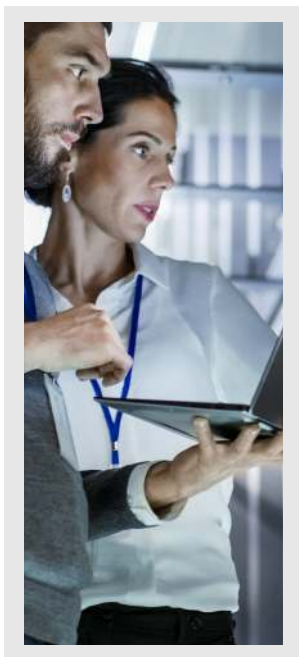

DXN-SYD01 was officially opened on Friday 13 September 2019 by the Hon Paul Fletcher, Minister for Communications, Cyber Security and the Arts.

**ABOUT:**

DXN designs, builds, owns and operates data centres. Offering integrated, customised and tailored solutions to clients, DXN provides businesses with the option of delivering solutions to site through prefabricated modules, or space in DXN's modular colocation facilities to suit technical specifications and operational requirements. From a single rack in the colocation facilities through to fully customised Edge Infrastructure, DXN can deliver a range of solutions to meet modern data centre requirements.
